

**AGREEMENT**  
**Fire Station No. 1 Improvements**

This agreement, made this \_\_\_\_ day of \_\_\_\_\_ at West Lafayette, Indiana, by and between the Board of Public Works and Safety for the City of West Lafayette, Indiana (hereinafter referred to as the "City") and **McComb Window and Door Co., Inc. (Pella)** (hereinafter referred to as the "Contractor").

**WITNESSETH:**

That in consideration of the mutual covenants hereinafter set forth, the City and the Contractor agree as follows:

**Article 1: SCOPE OF WORK**

The Contractor shall furnish all labor and tools and equipment and do all things required for complete installation, construction, and resurfacing in accordance with the plans and specifications. The plans and specifications shall be on file in the office of the City Engineer.

**Article 2: PAYMENT**

The City shall pay to the Contractor, in full and complete payment for all performance of the Contract not to exceed the sum of **\$38,934.62 (thirty eight thousand, nine hundred thirty-four dollars and sixty-two cents)**.

**Article 3: CONTRACT DOCUMENTS**

The contract documents include this agreement, current wage rate table, the General Conditions, Special Conditions, Materials Specifications, and the Contractor's certification of insurance, together with plans and any subsequent addenda.

Said documents are hereby incorporated into and made a part of this agreement the same as if herein fully set forth.

**Article 4: SEVERANCE**

The intent of the parties is that this agreement be deemed entire in the sense that its purpose is to establish one price for the doing of the whole work, and that it be deemed severable in the sense that the voidance of any part or portion shall not void the remainder.

It is understood and agreed that partial payments may be made for the mutual convenience of the City and Contractor but shall not be construed as the City's acceptance of a part or portion of the work. Acceptance is to only in the manner prescribed in the General Conditions.

#### **Article 5: RECORDS**

The Contractor will maintain proper records for review by the City.

#### **Article 6: DATE OF COMPLETION**

The Contractor agrees that he will have the work contained in this contract completed by October 14, 2016.

#### **Article 7: PREVAILING PARTY – ATTORNEY FEES**

Notwithstanding any term or condition in this Contract to the contrary, in the event litigation is commenced to enforce any term or condition of this Contract, the prevailing party shall be entitled to costs and expenses of litigation including a reasonable attorney fee.

#### **Article 8: ENGAGING IN ACTIVITIES WITH IRAN**

By signing this Contract, Contractor certifies that it is not engaged in investment activities in the country of Iran as set forth in I.C. 5-22-16.5.

#### **Article 9: E-VERIFY – USCIS Form I-9**

Contractor shall comply with the following:

- a. Contractor certifies that it completes and maintains USCIS USCIS Form I-9 on all employees.
- b. Contractor and its subcontractors shall not knowingly employ or contract with an unauthorized alien or retain an employee or contract with a person that Contractor or its subcontractors subsequently learns is an unauthorized alien. If Contractor violates this Section 9(b), the City shall require Contractor to remedy the violation not later than thirty (30) days after the City notifies Contractor. If Contractor fails to remedy the violation within the thirty (30) day period, the City shall terminate the contract for breach of contract. If the City terminates the contract, Contractor shall, in addition to any other contractual remedies, be liable to the City for actual damages. There is a rebuttable presumption that Contractor did not knowingly employ an unauthorized alien if Contractor verified the work eligibility status of the employee through the Program.
- c. If Contractor employs or contracts with an unauthorized alien but the City determines that terminating the contract would be detrimental to the public interest or

public property, the City may allow the contract to remain in effect until the City procures a new contractor.

d. Contractor shall, prior to performing any work, require each subcontractor to certify to Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and has enrolled in the Program. Contractor shall maintain on file a certification from each subcontractor throughout the duration of the Project. If Contractor determines that a subcontractor is in violation of this Section 9(d), Contractor may terminate its contract with the subcontractor for such violation. Such termination may not be considered a breach of contract by Contractor or the subcontractor.

e. By its signature below, Contractor swears or affirms that it maintains USCIS Form I-9 on all its employees, and ii) does not knowingly employ an unauthorized alien.

#### **Article 10: NON-DISCRIMINATION**

Contractor agrees:

a. That in the hiring of employees for the performance of work under this contract or any subcontract hereunder, no contractor, or subcontractor, nor any person acting on behalf of such contractor or subcontractor, shall, by reason of race, religion, color, sex, national origin or ancestry, discriminate against any citizen of the State of Indiana who is qualified and available to perform the work to which the employment relates;

b. That no contractor, subcontractor, nor any person on his behalf shall, in any manner, discriminate against or intimidate any employee hired for the performance of work under this contract on account of race, religion, color, sex, national origin or ancestry;

c. That the City may deduct from the amount payable to the contractor a penalty of five dollars (\$5.00) for each person for each calendar day during the which such person was discriminated against or intimidated in violation of the provisions of the contract;

d. If there is a second or any subsequent violation of the terms or conditions of this section, then this contract may be cancelled or terminated by City and all money due or to become due hereunder will be forfeited.

**Article 11: INSURANCE**

The **ENGINEER** shall at its own expense maintain in effect during the term of this contract the following insurance with limits as shown or greater:

General Liability (including automobile) – combined single limit of \$1,000,000.00;

Workers' Compensation – statutory limit; and

Professional Liability for protection against claims arising out of performance of professional services caused by negligent error, omission, or act in the amount of \$1,000,000.00.

The **ENGINEER** shall provide Certificates of Insurance indicating the aforesaid coverage upon request of the **OWNER**.

**IN WITNESS WHEREOF** we have set our hands the day and year first above written.

## Thank You For Purchasing Pella® Products

### PELLA WARRANTY:

Pella products are covered by Pella's limited warranties in effect at the time of sale. All applicable product warranties are incorporated into and become a part of this contract. Please see the warranties for complete details, taking special note of the two important notice sections regarding installation of Pella products and proper management of moisture within the wall system. Neither Pella Corporation nor MCCOMB WINDOW & DOOR will be bound by any other warranty unless specifically set out in this contract. However, Pella Corporation will not be liable for branch warranties which create obligations in addition to or obligations which are inconsistent with Pella written warranties.

Clear opening (egress) information does not take into consideration the addition of a Rolscreen [or any other accessory] to the product. You should consult your local building code to ensure your Pella products meet local egress requirements.

Per the manufacturer's limited warranty, unfinished mahogany exterior windows and doors must be finished upon receipt prior to installing and refinished annually, thereafter. Variations in wood grain, color, texture or natural characteristics are not covered under the limited warranty.

**INSYNCTIVE PRODUCTS:** In addition, Pella Insynctive Products are covered by the Pella Insynctive Products Software License Agreement and Pella Insynctive Products Privacy Policy in effect at the time of sale, which can be found at [Insynctive.pella.com](http://Insynctive.pella.com). By installing or using Your Insynctive Products you are acknowledging the Insynctive Software Agreement and Privacy Policy are part of the terms of sale.

### Product Performance Information:

U-Factor, Solar Heat Gain Coefficient (SHGC), and Visible Light Transmittance (VLT) are certified by the National Fenestration Rating Council (NFRC). Manufacturer stipulates that these ratings conform to applicable NFRC procedures for determining whole product performance. NFRC ratings are determined for a fixed set of environmental conditions and a specific product size. NFRC does not recommend any products and does not warrant the suitability of any product for any specific use.

Design Pressure (DP), Performance Class, and Performance Grade (PG) are certified by a third party organization, in many cases the Window and Door Manufacturers Association (WDMA). The certification requires the performance of at least one product of the product line to be tested in accordance with the applicable performance standards and verified by an independent party. The certification indicates that the product(s) of the product line passed the applicable tests. The certification does not apply to mulled and/or product combinations unless noted. Actual product results will vary and change over the products life.

For more performance information along with information on Florida Product Approval System (FPAS) Number and Texas Dept. of Insurance (TDI) number go to [www.pella.com/performance](http://www.pella.com/performance).

deletion, modification, or addition, execute a Change Order detailing the changes to be made in this Contract, including any changes in the Contract Price and time of completion. Seller may supply substitutes of equal quality and value for the goods, products, and/or accessories listed in the Contract if those items originally listed have become unavailable or impractical to procure.

14. **Installed Sales - Site Preparation - Site Conditions - Supervision of Work** - Seller will provide Customer with reasonable notice of the commencement date of work on the Project. Prior to the commencement of work on the Project, Customer will remove any and all legal impediments or physical obstructions to the Project and will have the Property available for commencement of the work. Customer shall provide Seller with all reasonable access to the Property between the hours of 7:30 a.m. and 6:00 p.m., Monday through Friday. Seller will make every effort to complete the Project in a timely manner. Seller will not, in any event, be responsible for delays caused directly or indirectly by labor disputes, weather, fire, war, governmental interference, natural disaster, unusual weather conditions, acts of public agencies, inspectors, public utilities, extra work, and Change Orders, transportation delays beyond the control of Seller, shortage or unavailability of material or products, acts of God, acts of Customer or Customer's representatives, or other contingencies not foreseen by and beyond the control of Seller. Seller is authorized to place such signs on the Property in view of any street or roadway and during the performance of the Project identifying Seller as the supplier and installer on the Project.
- In the event Seller shall encounter conditions during the performance of work on the Project which are (i) concealed physical conditions, or (ii) unknown physical conditions which differ materially from those ordinarily found to exist in construction activities of the character of the work to be performed herein, then Seller may propose such written Change Orders as are necessary to change the scope of the Project and Contract Price in order to account for such concealed and/or unknown conditions. Customer shall have five (5) days within which to accept or reject Seller's proposed Change Order or propose different terms thereof. In the event Customer shall elect to reject or propose terms different from Seller's proposed Change Order, then Seller may elect to accept Customer's proposed terms or terminate this Contract. If Seller elects to terminate this Contract, then Customer shall pay Seller for all goods, products, and accessories supplied and work performed up to the time of termination, including all costs expended on the Project and Seller's profit.
- Customer agrees that the direction and supervision of the working personnel, including subcontractors, shall rest exclusively with Seller and Customer agrees not to issue any instructions to, or otherwise interfere with the same. The Customer further agrees not to negotiate for additional work with Seller's subcontractors or to engage other contractors or subcontractors except with Seller's written consent and in such manner as will not interfere with Seller's completion of work under this Contract.
15. **Installed Sales - Lead-Based Paint Hazard Occupant Acknowledgment Statement** - Customer acknowledges receipt at least seven (7) days prior to any work being performed on the Project of the EPA pamphlet, *Protect Your Family from Lead in Your Home*, informing Customer of the potential risk of lead hazard exposure from renovation activity at Customer's Property.
